

Our adventure at the Playhouse this week...

The children have been busy building on a variety of fine motor skills through using scissors, planting, sawing and hammering. Hammering was extremely popular! The children have really enjoyed doing some gardening preparing our flower beds for our winter planting!

Next week.

We will continue with our themes of Caring for our teeth and how to keep them healthy, Autumn.

We will be making Pizza's! and we will be learning all about recycling and how to look after our planet, next week is World Recycle Week!

Bring your library book back to exchange for a new one. With the temperature getting cooler, please remember warmer clothes and definitely a Coat.

Please remember the car park can only be used until 8:00 Am and after 4:00 PM.

Safeguarding - Poisoning

Laundry products – small children can mistake brightly coloured products for sweets or toys, especially laundry capsules. But the concentrated chemicals can do serious damage to children's insides, skin, and eyes.

- It's tempting to keep products beside the washing machine. Move them to a high up or lockable cupboard
- Watch out for fast little fingers! Don't leave a washing tablet on top of the washing
- Put products away out of reach as soon as you've used them
- When you're shopping, look out for products with a bittering agent like Bitrex - it tastes so horrible, children spit it out instead of swallowing, preventing accidental poisoning!
